Sir:

This is in response to the Office Action mailed May 24, 1991.

Claims 12-19 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-14 of U.S. Patent 5,008,725 in view of Hanes et al.

Applicants submit herewith a Terminal Disclaimer together with the statutory fee of \$100.00 (OFGS Check No. 012352), disclaiming the terminal part of any patent granted on the above-identified application which would expire beyond the expiration date of the full statutory term of U.S. Patent No. 5,008,725. Applicants respectfully request that with this submission the double patenting rejection is now overcome.

14

In view of the foregoing remarks, reconsideration of the claims of the above application and allowance thereof is respectfully requested.

I hereby certify that this correspondence is being Respectfully submitted, deposited with the United States Postal Service as first class mail in an envelope addressed to:
